OGC HAS REVIEWED.

MEMORANDUM FOR: Chief, EE Division

VIA : Office of General Counsel

SUBJECT : [REDACTED] - Claim for Storage 25X1A9a

1. There is attached a staff study dated 10 May 1956 from your office requesting consideration of a claim for storage of household effects submitted by [REDACTED] in the amount of \$148.20. 25X1A9a

2. A review by this office indicates that the claim is not proper for payment.

3. Discussion with the Office of General Counsel resulted in the decision that authority for payment of storage charges is specifically set forth by regulation and is not therefore proper for determination under R 30-100, whether caused by failure of an Agency official to act or failure of the individual to act.

4. In view of the fact that Tab B of subject staff study indicates no Agency responsibility in the matter, the issuance of a certificate of Agency responsibility as requested by the Claimant in Tab A is not proper.
